

## 2019 Verve Inclusions

Verve is all about choice and flexibility. Verve Inclusions leave nothing out, ensuring you have all of the 'must have' items included in the base price of your home as well as the most valuable inclusion of all is - choice. Take control of the look and feel of your home by selecting from a wide range of included fixtures and fittings. We also offer the flexibility to modify our designs so they better fit your lifestyle.

### General Allowances

#### Pre-Construction Services

Soil test, contour survey, footing design, building permit application (if using Sienna Homes nominated surveyor).

#### Foundations

Concrete slab construction up to class 'M' classification

#### Site Fall Allowance

Fall of land up to 300mm over building area

#### Service Allowance

Connection to existing services within boundary including fresh water, natural gas, sewer, storm water and single phase underground power provisions based on a maximum building setback of 5 metres and a maximum allotment size of 650m<sup>2</sup>

Includes:

Single phase underground power up to 12m from underground power pit to meter box location.

Water tapping fee (dry tapped only) 2 water taps - 1 adjacent to water meter in front yard, 1 on wall attached to house as per contract drawings. Note: Water meter will be located directly in line with existing water tapping & at distance into front yard as installed by developer & water authority requirements.

Sewer tie connection up to 1500mm deep

Connection to stormwater assuming stormwater discharge point depth meets plumbing code requirements for fall

Client is responsible for connection, account opening fees & service usage costs during the construction process

#### Contract

Master Builders Association of Victoria Home Builders Contract.

### Client Services

#### Colour Browse Appointment

The start of your colour selection journey. This optional appointment is an opportunity to review the range of included fixtures and fittings before your formal Colour Selection Appointment

#### Colour Selection Appointment

A consultation with our Interior Designer to select your fittings, fixtures and colour scheme for your new home.

#### Design Tailoring Service

An opportunity to discuss your new home requirements with your New Home Consultant and modify your chosen design to best suit your lifestyle. Please note some additional charges may apply.

#### An Appointed New Build Assistant

Please review all documentation thoroughly and seek independent advice prior to executing a contract.

No upgrades of property services are included (i.e. Gas service, NBN, water supply, sewer, stormwater, power upgrades, underground power pits etc). Surcharges may apply to certain build areas – speak to your new homes consultant for more information. Sienna Homes reserves the right to substitute product with an equivalent product due to supply issues, agreements or availability. The products proposed to be incorporated in future building contracts may differ from the items listed in this inclusion list for a range of reasons including product availability and changes in manufacturer's specifications. You should review any quotation and contract carefully to ensure that all products specified meet your requirements.
